

REPORT ERASMUS+ MOBILITY LORIENT, FRANCE

On 24th February 2018 Sara, Nežka, Hana and Žiga went to France. Our journey started early in the morning. Our flight was at 8:00am, we went from Brnik airport straight to Paris. We spent the first two days there and, let me tell you, it was fun.

When we arrived in Paris we met up with Marie (our French coordinator) and she took us to our hotel so we could leave our bags. After that we went to tour the city. Marie was kind enough to show us a big part of Paris, but those two days were hard. After all we loved Paris and we would all love to see it again one day or another, but maybe we should bring more money with us...;)

On Sunday in the afternoon it was time to go to Lorient where we stayed for the next month. We arrived in Lorient in the evening and Marie showed us our apartment, which was very beautiful. On Monday we were free from work so we spent some time with our teachers exploring the city.

Tuesday was a big day for us, because it was our first workday. We went to the salons and we were very happy, because they welcomed us nicely. We spent most of our time in the salons where we worked from Tuesday to Saturday from 9:00am to 6:00pm. Nežka's, Hana's and Žiga's salons were great, but Sara wasn't that lucky, so she asked to switch her salon after the first week. The new salon on the other hand was all she could ask for.

At the last weekend we went to a city called Rennes. It is a city with many students, so our trip was a real fun. Marie went with us, so she could show us around a little bit. Žiga and Hana took the opportunity to explore the city, whereas Sara and Nežka decided to go to a Hip hop battle. In the evening we went out for a couple of drinks and we had a nice time. The next day we went shopping and after that we went back to Lorient. The trip was one of the highlights of our time in France.

Our time in France went by too quickly. It was a great experience and we learned a lot, not only about hairdressing but also about life and how it is like to leave alone. Now we are ready to work like we've never worked before.
